### Parenting Pointers

Is your child a whiner, complainer, or blamer? Sometimes it's just a stage, but sometimes parents unwittingly encourage these traits by complying to the whines when they get annoying enough. This just teaches children to complain longer. Teach your children to take responsibility for their mistake, fix it, or learn from it. It might not have been their fault but making excuses and blaming doesn't solve anything except make them look like wimps. Model it.
